

MATERIAL REQUEST FORM FOR SUPPORT GROUPS

The OAC welcomes the distribution of our educational resources in support groups. We are able to send complimentary materials to support groups on a one-time basis, subject to approval by the OAC. Subsequent requests are fulfilled if your support group meets a minimum OAC membership recruitment requirement (*contact the OAC for details on future requests*).

If you are interested in distributing OAC resources at your support group, please complete the below form to make the official request. Requests will be reviewed by the OAC and you will be contacted within one week with an update on the status/approval of your request. The OAC strongly encourages membership in the organization prior to submitting the request and welcomes general donations to support our educational efforts.

SUPPORT GROUP REQUEST INFORMATION
